

## PAINS IN THE BACK COME FROM THE KIDNEYS

Dull, throbbing aches and sharp, shooting pains in the back come from the kidneys. They tell of danger---of deep-seated disease. They warn you cure it.

The dull, heavy, constant beat of backache tells of congestion of the kidneys.

Sudden twinges of pain tell that poisonous uric acid is collecting and crystalizing in the body.

Keenest torture accompanies the passage of these many pointed uric crystals in the bladder.

Any pain in the back means that the kidneys need immediate help. It means danger from diabetes, Bright's disease, gravel and kidney stones.

Help the kidneys with Doan's Kidney Pills, a remedy that cures and heals the kidneys, removes the uric acid and drives out the aches and pains.

## NO TIME TO LOSE WHEN THE KIDNEYS FAIL.

Don't neglect backache or urinary ills. Cure the cause---the kidneys. Kidney troubles gain ground daily. Neglect is often fatal.

Don't wait for serious symptoms. Watch the urine. When the kidneys fail in their blood filtering work the urine shows it. Passages are first too frequent and painful. Sediment begins to show. Then the passages become thick and sluggish and discolored.

Uric waste is thrown into the system. It attacks every part, causing headaches, dizzy spells, rheumatic and neuralgic pain, blurred sight, continual dullness, depression and languor.

Don't let the disease get so far. When you see the first symptoms, begin using Doan's Kidney Pills, a remedy that has cured thousands of such cases and will cure you.

# DOAN'S KIDNEY PILLS

### RICHMOND BAD BACKS CURED

#### FRANKLIN STREET

Mrs. H. H. Greestreet, 2017 Franklin Street, says: "I have suffered for five or six years with my back. There was a dull aching pain in the region of the kidneys, which was aggravated if I stooped or exerted myself in any way. In the morning I would be so lame and stiff that it required considerable effort to get up and dress myself. I used several remedies but got little or no relief until I procured Doan's Kidney Pills at Owens & Minor's drug store. Before I had finished that box the results were apparent. The pain was soon removed from my back, I felt no more twinges on stooping or lifting, and I consider myself cured of kidney trouble. I know of several others who have used Doan's Kidney Pills with the same good results."

#### LEIGH STREET

G. P. Thornton, of 709 East Leigh Street, says: "Doan's Kidney Pills, in my opinion, are an excellent remedy. When sorely annoyed with backache and other symptoms of weakened or over-excited kidneys, I went to Owens & Minor's drug store for a box, and although I did not use it strictly according to directions, it certainly brought results which very agreeably surprised me. I have not the slightest hesitation in very emphatically endorsing this preparation."

### Science Siftings' Certificate of Merit.

Noted Scientific Journal of London, England, Investigates and Finds Doan's Kidney Pills a Safe and Certain Cure for Kidney Troubles.

(From Science Siftings, October 8, 1904.)

"We have carefully tested the properties and claims of several medicines intended for application in the manner mentioned (for treatment of kidney troubles) and among those we have examined have been 'Doan's Kidney Pills.' We find them to be the very thing needed. They contain, apart from tonic matters, and other calculated to modify the excretion of excess, vegetable drugs which act immediately on the kidneys. These diuretics, as they are called by pharmacologists, may act by improving the circulation of the kidneys, or by so affecting the secretory cells that an increase takes place in both the amount of water and the amount of solids excreted. The active principle of Doan's Kidney Pills are such as to fit them thoroughly for the work we have indicated. They are not only calculated to hasten the removal of injurious waste products and poisonous substances from the blood, and to dilute the flow from the

body, but even in more serious cases to remove excess of fluid from the tissues and serous cavities, as in dropsy. In fact, they act as a stimulant and assistant to the whole of the tract connected with the kidneys. Their effect on the body is far-reaching, for any irregularity in the area may be responsible for a variety of maladies.

"In brief, pure blood means vigorous life, and impure blood the reverse, and the kidneys have for their business the separation of the bad from the good, the bad matter from the essential blood. Doan's Kidney Pills are not unpleasant to take and their effect is soon noted by the decrease of pain when it has existed and by generally improved conditions of health.

"WE AWARD THE SCIENCE SIFTINGS' CERTIFICATE OF MERIT TO DOAN'S KIDNEY PILLS, and to the Company which is responsible for introducing the remedy to the public."

Doan's Kidney Pills for sale by all druggists. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., Sole Agents.

### RICHMOND BAD BACKS CURED

#### NORTH 26TH STREET

Jacob Crowder, retired baker, of 1108 North Twenty-sixth Street, says: "There was no doubt about my case, for the action and condition of the kidney secretions plainly proved my kidneys required attention, but all my endeavors to lessen an attack, much less stop it, were unavailing. Very highly recommended, Doan's Kidney Pills came to my notice, and I went to Owens & Minor's drug store for a box. The treatment acted directly upon the kidneys. I noticed that they helped me from the start. I had not used two boxes before the pain and lameness left me entirely. The kidney secretions became natural and I feel better in every way. You are at liberty to refer anyone to me and I shall be pleased to tell them of the merits of Doan's Kidney Pills."

#### MARSHALL STREET

Mrs. M. A. Hughes, of 2408 Marshall Street, says: "I suffered very severely with my back for a long time. The pain at times being intense. Stooping or lifting was impossible for me because sharp twinges always pierced the region of my kidneys. If I caught cold this trouble was aggravated. I saw Doan's Kidney Pills advertised, and thinking they might help me I procured a box at Owens & Minor Drug Co. They benefited me almost immediately, and on continuing their use I found they did me more good than all the other remedies I ever used put together. I am pleased to recommend Doan's Kidney Pills."

## SHOT HIS WIFE AND THEN FLED

Dr. Morgan on Trial in Norfolk on Charge of Malpractice.

### DECLARES IT IS BLACKMAIL

Negro Longshoresman Falls in the Dock and All Efforts to Save Him Fail.

(Special to The Times-Dispatch.) NORFOLK, VA., March 20.—Martha Kilpin was shot twice by her husband, Arthur Kilpin, last night. The couple reside in Columbia Street, Portsmouth. The husband is a fireman on one of the Washington steamers. He returned home, and finding his wife absent, began search for her. When they met they exchanged a few words, and he drew a pistol and shot her twice—once in either thigh. When the woman was found, she was weak from the loss of blood, and while the wounds were painful, the victim was not thought to be seriously injured. The husband has escaped.

The paragon committee and board of stewards of Liberty Street M. E. Church, South, Norfolk, met last night at the church for the purpose of awarding the contract of the new paragonage. The contract was awarded to Contractor John W. Jones. The new structure will be located on Chesapeake Avenue, on the lot adjoining the present paragonage. The cost of the new edifice will be about \$1,500.

Edward Mitchell, a colored man, was drowned last night at the wharf of the Imperial Guano Company, at Money Point. The unfortunate man was trucking guano from the wharf to a barge, when the gang plank slipped and threw him overboard. Every effort was made by those nearby to save him, but their efforts proved unsuccessful. The man was twenty-four years of age, and lived in Scott Street, Norfolk.

The trial of Dr. Francis M. Morgan, a prominent physician of Berkeley Ward, for alleged malpractice, on Mrs. Josephine Davis of Norfolk, was begun in the Corporation Court to-day, Judge Hancock presiding. Dr. Morgan, when arraigned, entered a plea of not guilty, and counsel for the defense, in making an opening statement to the court, declared that blackmail or an effort to extort money from Dr. Morgan by the prosecutrix would be alleged. The case is being vigorously prosecuted for the State, and a defense equally as vigorous is being conducted for the accused. The plaintiff in the event of conviction is from two to ten years in the penitentiary.

Mrs. Josephine Davis, while on the stand as a witness for the State, admitted having written a letter to Dr. Morgan demanding that he pay her \$2,000, or she would sue him for \$10,000. The letter was produced and read to the jury. It is said the writer had suffered greatly as the result of Dr. Morgan's alleged practice on her, and that she had been put to heavy expense by reason of the employment of other physicians and hospital bills.

She declared that several persons had demanded to know why the guilty physician was, but that up to this time she held the name secret. The letter created a sensation.

### PAMPLIN CITY.

Called By Telegram to Sick-Bed.

New Pastor Preaches.

(Special to The Times-Dispatch.) PAMPLIN CITY, VA., March 20.—Mr. John T. Spencer, of the firm of Bailey, Spencer and Company, of Lynchburg, who was here with his family on a visit to his wife's parents, Mr. and Mrs. P. P. Pankay, was suddenly called by telegram Saturday to the bedside of his father, Rev. John Spencer, of Buckingham Court-house, who is extremely ill. The wife of the former, who was quite sick for several weeks past, while here, has recovered, and, with her children, returned home.

Mrs. S. R. Franklin, who has for some time past been on the sick list, is recovering.

Mr. A. W. Baldwin, his wife and son, Grover, who have been sick with influenza, are now improving.

Mrs. S. J. E. Blinford, who formerly lived here, but now in Petersburg, is on a short visit to her brother, Captain W. T. Johnson, of this place, and to her sister, Mrs. W. B. Blinford, near here.

Dr. E. E. Walker, who practiced medicine here some years ago, and who has been practicing elsewhere for the past two years, has returned. He and Dr. F. H. Lukin, who came here in his stead, have formed a co-partnership and will practice together. They have bought out Dr. C. S. Morton's drug store and will furnish their own medicines. Many who were very fond of Dr. Walker, and who were loth to see him leave, will welcome his return to Pamplin and vicinity.

Rev. T. W. Hart, of Virginia, Halifax county, Va., is now on a visit to some churches, comprising the field made vacant by Rev. W. E. Warren, now of Jarratt's, Sussex county, Va. He has already preached most acceptably to three of them, viz: to the Elton Baptist, of Pamplin; to Rocks, near Bygonn, and to Mathews, at Hixburg.

### First Train.

(By Associated Press.) KNOXVILLE, TENN., March 20.—The first train over the new line of the Louisville and Nashville between Knoxville and Atlanta, left here this morning at 10 o'clock. It was a freight train. The road will not be opened for passenger traffic for several months.

## EARLY CLOSING IN PETERSBURG

Police and Finance Committees Recommend Shutting Up Saloons After Midnight.

### 11 O'CLOCK MINORITY REPORT

The Joint Council to Nominate Several Municipal Officers.

(Special to The Times-Dispatch.) PETERSBURG, VA., March 20.—To close saloons from midnight until 5 o'clock in the morning will be the recommendation of the majority report to the City Council, adopted last night by a vote of nine to three at a joint meeting of the Finance and Police Committees. The minority report will favor closing from 11 to 5, as provided by James H. Gray's resolution, referred to the Finance Committee at the last Council meeting.

As a compromise, half-past 11 was advocated by a few members of last night's meeting.

A joint meeting of the Council and Board of Aldermen will be held Thursday night to make nominations for several municipal officers.

General Stringfellow had no opposition to his candidacy for the nomination to the Petersburg postmastership, which was sent to the Senate yesterday by President Roosevelt.

Rev. Frank Stringfellow preached his farewell sermon last Sunday at St. James Episcopal Church, at Boynton, from the text, "I will leave you as a field of harvest." He was here for the first time since he came to Petersburg.

The trial of the white blacksmith, who recently assaulted Henry Whyte, of this city, near Courtland, in Southampton, was yesterday continued until the next term of the court, on account of the condition of Mr. Whyte, who came to Petersburg last night, and is expected to be out in about a week. Mr. Whyte was knocked down with an axe handle while paying off some employees on the Tidewater Railroad. He was unconscious for several hours, and it was at first thought that his skull was fractured. His assailant is a Roanoke man, about fifty years old, employed by a construction company in laying the tracks on the Tidewater road.

"Professor Murro," a palmist, who has been holding hands at a well known dry goods store here during the past week, was fined ten dollars by the Mayor a few days ago for telling fortunes without a license. High Constable Mallory bringing the charge.

Policeman Coleman telegraphed Captain Bagland to-day that he would reach Petersburg to-morrow, with Sidney Blackwell, the negro recently arrested in New York for alleged criminal assault here February 27th.

Bishop A. M. Randolph preached and confirmed a class today at Morchatt's Hope Church, in Prince George county.

### The "Boy" Behind the Voice.

A business man who was in a hurry called on an establishment that had called to deliver goods as ordered, says the Petersburg Herald. A small boy

voice was heard at the other end of the line. "Whom do you want?" "Mr. Brown," and "hurry up, my boy." "All right," and the receiver was hung up. In four minutes it was taken down, and the small voice said: "Mr. Brown is not in. Can I aid you?" "See here, my son," snapped the man who was in a hurry. "I want to talk with some one who can do business. When I need the office boy I will call for him. The way for you to get along is to let other things alone and attend to your own duties." "That is what I am trying to do, sir," responded the small soft voice. "I am the president of the company."

### AN AWAKENING.

Brookneal Feels the Impulse of a Large Temporary Population.

(Special to The Times-Dispatch.) BROOKNEAL, VA., March 20.—At a meeting of the citizens of Brookneal last week the subject of the construction of a bridge across the Staunton River at this place was fully discussed, and some substantial progress made to that end. It was also decided that all the business places will henceforth keep rubbish cleaned away from walkways and thoroughfares, with a penalty attached for a violation thereof.

The railroad men are quite active and making good progress.

Many of the strangers amongst us seem to be very fine men, and have made most excellent impressions. Our people are very kind to the Italians and for the most part they conduct themselves very well, with an occasional irregularity.

The postoffice business has increased at least one hundred per cent., and so has the Norfolk and Western Railway business. The mercantile business has also increased considerably.

The tobacco market is suffering no little from the move on the part of the farmers to protect themselves. Plans are on foot to erect a storing house at this place.

### A DISAPPOINTMENT.

Many Horse Traders But Few Buyers at Chatham.

(Special to The Times-Dispatch.) CHATHAM, March 20.—The anticipated large crowd for Monday, with few exceptions, was reduced to a bare handful of horse traders. A large number of horses were on hand, and for many years past the farmers have on March court purchased the horses that would be required in the coming crop.

The heavy rain Monday kept the farmers away, consequently very few, if any, of the roads are deep in mud and streams are much swollen. The rain turned to sleet, weighing shade and fruit trees down, but doing little damage.

### SICK HEADACHE

CARTER'S LITTLE LIVER PILLS.

These Little Pills. They also relieve Dyspepsia, Indigestion and Biliousness. A perfect remedy for Dizziness, Nausea, Drowsiness, Bad Taste in the Mouth, Cracked Tongue, Pain in the Side, TORPID LIVER. They regulate the Bowels. Purely Vegetable.

SMALL PILL. SMALL DOSE. SMALL PRICE.

GENUINE MUST BEAR FAC-SIMILE SIGNATURE.

REFUSE SUBSTITUTES.

## GLENN ENDORSES SOUTHPORT ROAD

Professor Burkett to Accept Offer From An Institution in Ohio.

### IMPROVE EXECUTIVE OFFICES

Difficulty Between Students and the A. and M. College Causes Slump in Boarders.

(Special to The Times-Dispatch.) RALEIGH, N. C., March 20.—Charles N. Wire, of Philadelphia, called on Governor Glenn this morning to request his endorsement and co-operation in bringing about the construction of the Southport, Carolina and Western Railroad, the principal purpose of which is the construction of a standard road from Wilmington to deep water at Southport.

The Governor assured Mr. Wire that he would cheerfully give his personal endorsement to the enterprise and to do anything else for the promotion of the enterprise that he could. That he has been over the ground as it were and is convinced that such a road would not only be a paying investment, but would tend wonderfully to the development of the commercial and shipping interests of the State.

Governor Glenn has just placed orders for handsome new gas and electric chandeliers for the executive offices, and contracts have been awarded for refurnishing the interior of the offices quite handsomely. A massive oak flat-top desk containing no end of drawers and compartments has been ordered to take the place of the present executive desk to which Private Secretary Arrington will fall heir. It is safe to say the executive offices of the North Carolina State capital will compare favorably with any in the country when the improvements are all in.

It is understood that Professor Burkett, of the Chair of Agriculture at the A. and M. College, has finally decided that he will retire from the college next July to accept an offer he has from an institution in Ohio. He has greatly advanced the efficiency of the Agricultural Department during his connection with the college, the enrollment of agricultural students having increased tenfold.

It is a notable fact that since the difficulty between the college faculty and the students at the A. and M. College last fall over the withdrawal of certain privileges from the students, especially the senior class, the number of students has steadily dwindled until the number actually living in the college dormitories has fallen from upwards of five hundred to less than two hundred.

The students have not abandoned their connection with the college, but have gone out into the city and secured board in the Raleigh families so that they would not be under the operation of the college regulations after graduation and work every day. It is understood that

## WARM LOCAL OPTION FIGHT IN WINCHESTER

Policeman Appointed to Prevent Anticipated Trouble.

### PUBLIC BUILDING.

Lexington Offers a Fine Site to the Government.

(Special to The Times-Dispatch.) LEXINGTON, N. C., March 20.—Ex-Attorney-General Zeb V. Waler and State Labor Commissioner H. B. Varner returned to-day from Washington, where they went at the instance of the Board of Trade to secure a public building for Lexington. They report a most excellent chance for the building. The bill was introduced in the House by Representative Page and in the Senate by Senator Simmons, both of whom, together with Representative Thomas and others, are pushing the matter vigorously. The city has offered a site in the center of the business district, worth ten thousand dollars.

The order of Railway Telegraphers has gained a great victory in a recent schedule granted them by the Southern Railway, which carries with it the recognition of the order. It is a great service, and is a great advantage to the operators, not so much in a pecuniary way as in the conditions of the service. It has always been conceded that it required a higher degree of skill to handle trains by wire than by any other means in the transportation department, and the operators have always been the poorest paid class of employees.

The new schedule goes into effect April 1st.

### PRISONER SHOT.

Robert Hayes, of Mecklenburg, Gets a Ball in the Lung.

(Special to The Times-Dispatch.) HENDERSON, N. C., March 20.—While Policeman Henderson was attempting to arrest Robt Hayes to-day on a warrant issued from Mecklenburg, Va., charged with assault on a ten-year-old girl, he broke from the officer and ran. The officer fired at first in the air. Hayes refused to surrender and received a ball in the lung.

Hayes, some years ago, was convicted of murder in the second degree, and sent to the State Prison. His condition is very serious and he is in jail.

### STATE S. P. C. A.

Greensboro Citizens Will Ask for Charter for a State Society.

(Special to The Times-Dispatch.) GREENSBORO, N. C., March 20.—At a largely attended meeting here to-night parties interested in forming a society for the prevention of cruelty to animals, it being discovered that there was no State organization, the formation of a local society was deferred and a committee, composed of Messrs. B. D. Broadhurst, J. S. Betts, C. L. Vanmumpen, A. W. Cooke and W. B. Streeter, to prepare and secure a State charter to the North Carolina Society for the Prevention of Cruelty to Animals.

Mr. E. W. Sanford, of Richmond, is at present in New York, registered at the Hotel St. Denis.

## HE VISITED SOME PATIENTS

Chattanooga (Tenn.) Daily News.

A representative of the News has just returned after a very successful visit to California.

Concerning the printed reports that the long-sought cure for Bright's Disease has been discovered in San Francisco he has been pains to find out the truth of the matter. He saw several persons who had recovered and so much documentary evidence that he came back fully convinced that the disease is not only curable, but that a large majority of all cases recover if they have seen the patient himself. The stories they told him would seem so impossible.

One lady, the wife of a San Francisco editor, not only told him of her husband's remarkable recovery after physicians had given him up, but she related off as of no moment the names of several they told of it who had recovered. One case was particularly interesting. It was a case of Bright's Disease in which the young man was so impressed that nothing could be done that he had to be tricked into taking the new specific. Each time a dose was administered a tablespoonful of his old medicine was secretly disposed of, thus lowering the battle that stood on the table as the head of the bed and allaying suspicions. The physician became elated, thinking that he had discovered a cure for Bright's Disease, and was not until the patient was so well along toward recovery that there was no uncertainty about it that the whole plot was disclosed.

Dr. Zeile, one of San Francisco's pioneers, also confirmed his own recovery and made the astonishing statement that he had given it to between forty and fifty and only knew of a few failures.

The above from the Chattanooga Daily News, refers to the discovery of Fulton's Compound, Bright's Disease and Diabetes are now cured in about 87 per cent. of all cases. Send for free booklet to J. J. Fulton, 422 Washington Street, San Francisco, or to Owens & Minor Drug Company, Richmond, Va.

## A Sale in the Interest of Charity

The ladies of the Belle Harrison Circle will hold a sample sale at Mrs. Thomas N. Rutherford's, 112 East Grace Street, March 21st, 22nd and 23rd, 10 o'clock A. M. to 6 P. M.

Samples of articles of food, clothing, and goods and fancy work in great abundance, donated free by Richmond and foreign merchants.

For benefit of a charity patient at the Shattering Arms Hospital, who has no other means of support.
